

Naperville Warriors High School Rugby Club 2018 Recruitment Information

Prospective Naperville Rugby Players and Families,

This coming season will mark the 18th year of the Naperville Warriors High School Rugby Club. We are currently recruiting student athletes from Naperville North, Naperville Central, Bolingbrook, and Benet Academy to join our annual pursuit of the Illinois state title! Our club is regularly ranked among the elite teams in Illinois, and is led by a top tier coaching staff with diverse international experience. Each season our athletes are recruited to play for the Illinois All-state team, the Tornados, and several seniors graduate on to play for collegiate programs and compete at the national level.

The Warriors offer a position for every size athlete and every skill level. Our club is a charter member of Rugby Illinois and led by a coaching staff certified by USA Rugby. We prioritize safety and fun by teaching proper fundamental technique and playing time for all athletes. Sportsmanship and teamwork are ingrained in rugby culture, and our coaching staff works hard to create a fun and competitive atmosphere. Also unlike American football, all players will get to carry the ball. Guaranteed.

In addition to the varsity squad, the Warriors field an under seventeen (U17) team for freshman and sophomores which compete for their own state title. For families with even younger aspiring ruggers, the Naperville Crusaders is the official feeder club for our program and operates through the Naperville Park District. The Crusaders offer non-contact camps for kids starting as early as 1st grade.

Winter training sessions begin Sunday, January 7th at the Naperville Yard indoor complex, and run through the end of February. Winter sessions provide an excellent opportunity to try rugby before committing to the regular season beginning in March. Please visit our website at napervillewarriorsrugby.com for more information or by reaching out directly via contacts below. We look forward to seeing you on the pitch!

Cheers,

Coach Dublinski
